

# Why **Accountants** should use Aging Life Care Professionals® ...

when looking for excellence in comprehensive services  
for aging or disabled adults and their families

Aging Life Care™, also known as geriatric care management, is a holistic, client-centered approach to caring for older adults or others facing ongoing health challenges. Working with families, the expertise of Aging Life Care Professionals provides the answers at a time of uncertainty. Their guidance leads families to the actions and decisions that ensure quality care and an optimal life for those they love, thus reducing worry, stress, and time off of work for family caregivers.

## How does an Aging Life Care Professional® benefit you?

- Delivers expert knowledge of all areas impacting the senior or person with disabilities from medical issues, health care systems, inhome care to behind the scenes knowledge of the various care communities
- Promotes client's independence and quality of life while focusing on appropriate level of care for the individual and advocating for the client at all care levels
- Assists long distance accountant in managing care for clients
- Helps preserve assets by ensuring client remains in most appropriate care setting for as long as possible
- Takes on medical and direct support tasks freeing the accountant to focus on financial management
- Protects the fiduciary by ensuring the money spent is done so for the benefit of the recipient

## How does an Aging Life Care Professional® benefit your clients?

- Provides personal compassionate service—focusing on the individual's values and needs while maintaining professional oversight of care
- Arranges for and monitors in-home health care and other services requested by client to meet care needs
- Provides resources and options for clients and families regarding care decisions including next steps/transfers to different levels of care
- Assists family members who live out of the area to facilitate long-distance caring for a loved one
