with your questions

The Aging Network of Florida is experiencing a number of stressors as a result of the COVID-19 Virus.

The Florida Council on Aging (FCOA) has received notifications from all over the state about cancellations and closures. We have also seen some great innovation in how providers are going to ensure Florida's most frail older adults continue to be connected to the services and meals they need.

FCOA is here to support our members and the Aging Network. We will continue to advocate on behalf of the Network and your priorities while you meet the challenges of this novel virus in your community.

Do not hesitate to let us know if you are seeing any unmet needs over the next 30 days as a result of COVID-19.

An infographic titled "CORONAVIRUS DISEASE 2019 (COVID-19)". It features a teal background with a silhouette of a person coughing into their elbow. The text provides information about symptoms and where to seek help. The CDC logo is in the bottom left corner.

COVID 19
CORONAVIRUS DISEASE

CORONAVIRUS DISEASE 2019
(COVID-19)

Patients with COVID-19 have reportedly had mild to severe respiratory illness. Symptoms can include

- Fever
- Cough
- Shortness of breath

* Symptoms may appear 2-14 days after exposure.

Seek medical advice if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

www.cdc.gov/covid19-symptoms

CDC

Help prevent the spread of respiratory diseases like COVID-19.

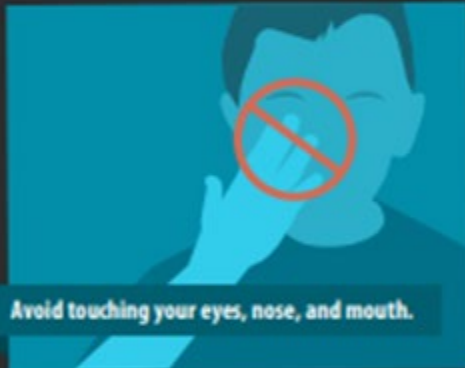

Avoid close contact with people who are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Avoid touching your eyes, nose, and mouth.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick, except to get medical care.

Wash your hands often with soap and water for at least 20 seconds.
